

# CURRICULUM VITAE OF PANDO G. GEORGIEV

Updated August, 2011

## Current position:

Assoc. Research Scientist  
Center of Applied Optimization, Industrial and Systems Engineering Department  
University of Florida  
303 Weil Hall, P.O. Box 116595  
Gainesville, FL 32611-6595  
E-mail: pandogeorgiev@ufl.edu

## Degrees:

- D.Sc. in Mathematics (Habilitation), July 2001, Sofia University “St. Kl. Ohridski”, Faculty of Mathematics and Informatics
- Ph.D. in Mathematics, January 1987, Sofia University “St. Kl. Ohridski”, Faculty of Mathematics and Informatics (Supervisor: Acad. P. Kenderov).
- Master of Mathematics, July 1982, Sofia University “St. Kl. Ohridski”, Faculty of Mathematics and Informatics, (Supervisor: Acad. P. Kenderov).

## Faculty and research positions:

- Center for Applied Optimization, ISE, University of Florida – Assoc. Research Scientist (Jan. 2009 – present)
- ECECS (Electrical & Computer Engineering and Computer Science) Department, University of Cincinnati, Cincinnati, Ohio – Visiting Scholar (2004 – 2008).
- Department of Mathematical Sciences, University of Cincinnati – Adjunct Associate Professor, September 2006 - August 2007.
- Laboratory for Advanced Brain Signal Processing, Brain Science Institute, The Institute of Physical and Chemical Research (RIKEN), Wako-shi, 2-1 Hirosawa, Saitama 351-0198, Japan – Research Scientist, (2000 – 2004).
- Hirosaki University, Department of Mathematical System Science, Japan – Visiting Professor (1999 – 2000).
- Sofia University “St. Kl. Ohridski”, Faculty of Mathematics and Informatics, Department of Probability, Operations Research and Statistics, Assistant Professor (1989 – 1994), Associate Professor (1994 – 2006), Elected Full Professor (2006).

## Teaching experience (in reverse chronological order):

- in Department of Mathematical Sciences, University of Cincinnati: *Calculus III, Elementary Probability and Statistics, Calculus and Anal. Geometry IV, Linear Algebra I, II.*

- in Computer Science Department, University of Cincinnati: *Statistical learning theory – kernel methods for pattern analysis*, lectures for graduate students.
- in the Faculty of Mathematics and Informatics, Sofia University "St. Kl. Ohridski", Bulgaria: Main course on *Optimization* for undergraduate students, part I and part II, delivered 5 years; *Numerical Methods and Optimization*, lectures undergraduate students, delivered 2 years; *Applied Nonlinear Analysis*, lectures for graduate students, delivered 3 years; *Optimality and Equilibrium*, lectures for graduate students, delivered 3 years; *Optimal Control and Calculus of Variations*, lectures for graduate students, delivered 2 years; *Mathematical Economics*, lectures for graduate students, delivered 2 years.

**Research experience and interests (in reverse chronological order):**

- data analysis and machine learning: kernel methods for pattern analysis, classification, support vector machines, data mining, signal processing, independent and sparse component analysis, and their applications to bioinformatics, brain imaging and energy problems;
- optimization, operations research, statistics, equilibrium problems, inverse problems, and their applications in mathematical biosciences and energy problems
- variational and non-smooth analysis and their applications, set-valued and functional analysis, geometry of Banach spaces
- Participated in editing, correction and development of the book "Adaptive Blind Signal and Image Processing" by A. Cichocki and S. Amari, John Wiley & Sons, 2002
- Participated in development of software packages "ICA Lab. for Signal Processing" and "ICA Lab. for Image Processing" (see <http://www.bsp.brain.riken.jp>).

**Supervised Ph.D. Students:** Nadia P. Zlateva - defended Ph.D. thesis 1999

**Supervised Master of Science Students:** 9, defended.

**Computer skills:**

- Matlab, C++, Visual Basic, LaTeX, Word, Powerpoint
- Co-author of software packages "ICA Lab. for Signal Processing" and "ICA Lab. for Image Processing", free downloadable at <http://www.bsp.brain.riken.jp>

**Visiting positions, grants, awards:**

- National Sun Yat-sen University, Taiwan, April-May 2008.
- Laboratory for Advanced Brain Signal Processing, Brain Science Institute, The Institute of Physical and Chemical Research (RIKEN), Wako-shi, 2-1 Hirosawa, Saitama 351-0198, Japan, January-February 2008.
- Laboratory of Mathematical Neuroscience, Brain Science Institute, The Institute of Physical and Chemical Research (RIKEN), Wako-shi, 2-1 Hirosawa, Saitama 351-0198, Japan, July 2005.
- Hirosaki University, Japan, December 1999 - August 2000, Japan Society of Promotion of Science (JSPS) award and local grant.
- University of Rome II, Italy, 1.5 months, July and September 1999, CNR grant (Italy).
- University of Pau, France, 3 months, 1999, NATO grant CB/JB SC105 N° 44/96165.

- University of Rome II, "Tor Vergata", Italy, 1 month, July 1998, CNR grant (Italy).
- Complutenza University Madrid, 1 week, November 1997 (local grant).
- University of Messina, Italy, 1 week, October 1997 (award of Ministry of Education and Science in Bulgaria).
- University of Rome II, "Tor Vergata", 1 month, 1996, CNR grant (Italy).
- University of Mons-Hainaut, Belgium, 1 month, 1995, TEMPUS grant, European Union.
- University of Rome II, "Tor Vergata", 1 month, 1995, TEMPUS grant, European Union.
- International Center for Theoretical Physics (ICTP), Trieste, Italy, 6 months, 1995 (ICTP grant).
- Gold medal in the National Competition for high school students' papers in mathematics, (1975, Bulgaria)

**Invited Seminars:** in more than 20 Universities in Europe, Asia, USA.

**International conferences (lectures):** more than 40 conferences in Europe, Asia, USA.

**International conferences – committee member:**

- International Conference on Optimization, Simulation and Control Ulaanbaatar, Mongolia, July 25 - 28, 2010, <http://www.ise.ufl.edu/cao/cosc2010/Committee.html>
- International Conference on Biomedical Data & Knowledge Mining: Towards Biomarker Discovery July 7 - 9, 2010, Chania, Crete, Greece, <http://www.ise.ufl.edu/cao/DMBIO2010/DMBIO2010/Welcome.html>
- International Conference on Systems Analysis Tools for Better Health Care Delivery: A New Engineering Health Care Partnership March 24 - 26, 2010. Gainesville, Florida, <http://www.ise.ufl.edu/cao/hc2010>
- Conference on Energy, Sustainability and Climate Change February 26 - 28 2010 Gainesville, Florida, <http://www.ise.ufl.edu/cao/escc2010/>
- 2nd International Conference on the Dynamics of Information Systems February 3-5, 2010, Destin, Florida, <http://www.ise.ufl.edu/cao/dis2010/>
- 8th International Conference on Independent Component Analysis and Signal Separation – ICA2009, March 15 – 18, 2009, Brazil, <http://www.ica2009.org/>
- 7th International Conference on Independent Component Analysis and Signal Separation, London, UK 9 - 12 September 2007, <http://www.elec.qmul.ac.uk/ica2007/>
- "Data Mining, Systems Analysis and Optimization in Neuroscience", University of Florida, February 2006, <http://www.ise.ufl.edu/cao/neuroscience2006/>
- 6th International Conference on "Independent Component Analysis and Blind Source Separation", ICA2006 Charleston, South Carolina, USA, March 5-8, 2006, <http://www.cnel.ufl.edu/ica2006/committees.php>
- 4th International Conference on "Independent Component Analysis and Blind Source Separation", Nara, Japan April 2003, <http://www.kecl.ntt.co.jp/icl/signal/ica2003/>

**Membership:** American Mathematical Society, INFORMS, Mathematical Optimization Society, Institute of Electrical and Electronic Engineers, Union of the Bulgarian Mathematicians.

**Other activities:** member of the Specialized Scientific Council for Mathematics at the High Attestation Committee, Bulgaria (1997 - 2001).

PUBLICATIONS  
*Updated August, 2011*  
 (in reverse chronological order)
