T
N
C
P

Total funding: ~ **4.1 M€**

- 1,6 times more than in FP5 IST
- 4,6 % from INCO IST budget
- second after the USA
- 10 - IP's, total funding 1.4 m€, 1.6%
- 11 - STREPs, total funding 1.6m€, 1.8%

Russia	USA	China	Brazil	India	Japan
294 / 33	294 / 34	304 / 42	88 / 10	79 / 16	47 / 12
11,2%	11,6%	13,8%	11,4%	20,3%	25,5%

International Cooperation – IST Call 3

ICT NCP

Russia	China	Brazil	India
31 / 1	59 / 13	15 / 2	10 / 5
3,2%	22,0%	13,3%	50,0%

International Cooperation - IST Call6

Targeted research actions & TC - 30 M€:

- INCO on Digital TV Broadcasting (Latin America – 5 M€)
- INCO on Digital Broadcasting (China – 5 M€)
- INCO on Grid Technologies (China – 5 M€)
- INCO for eGovernment (WB - 5 M€)
- Early warning systems for geo-physical hazards (Mediterranean + 7 third countries - 5 M€)

CA or SSA for deeper strategic cooperation - 5 M€

International Cooperation – IST Call 6

ICT NCP

- Russia – 0.4m€
- China – 4m€
- Brazil – 1.7m€
- India – 0.2m€

Russian strengths in ICT thematic priority

I
C
T

N
C
P

- More than 140 leading Russian research teams were invited to participate in ICT thematic priority;
- 15 teams refused to participate in because of potential communication problem;
- 18 teams refused to participate in because their research activities are out of ICT scope;
- 23 teams refused to participate in because they estimated probability of participation in ICT projects as very low;
- 13 teams refused to participate in because they have been deeply involved in other international research projects;
- 52 teams express their willingness to participate in.

Russian strengths in ICT thematic priority

T

N
C
P**

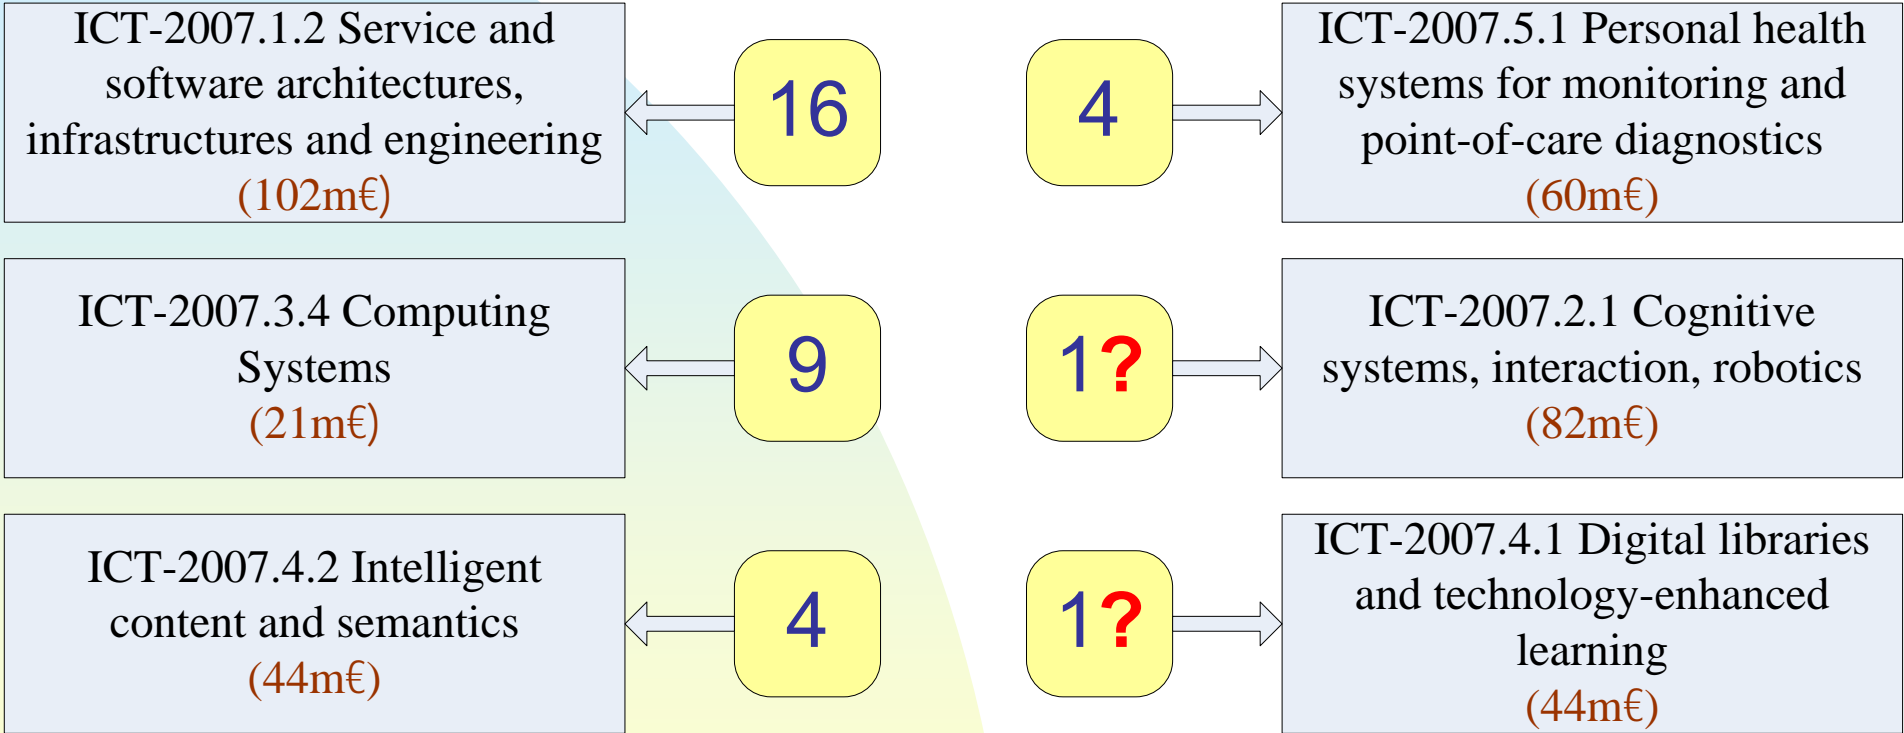

Software	12	Security and dependability	1
Computing and control	5	Robotic systems	1
Grids	4	ICT to improve inclusion	1
Simulation, visualization, interaction and mixed realities	4	Digital cultural resources and assets	1
ICT for health	4	Learning systems	1
Knowledge systems	4	For mobility	1
Intelligent infrastructures	3	Personal environments	1
ICT in support of the environment	2	Intagrated micro/nano-systems	1
Embedded systems	2	Nano-electronics	1
Photonics	2	Ubiquitous and unlimited capacity communication networks	1

Priorities for EU-Russia cooperation in ICT Call 1 (22.12.2006-8.05.2007)

ICT NCP service and support

I
C
T

N
C
P

- ◆ Information support (newsletters, DG INFISO documents)
- ◆ Partner search (Ideal-ist, brokerage events, etc.)
- ◆ Training workshops (FP7 rules of participation, proposal preparation and submission, project management)
- ◆ Consultancy and support for ongoing ICT projects

Thanks for your coming
