

BIR 2012

11th International Conference on Perspectives
In Business Informatics Research

Call for Workshop Proposals

The BIR 2012 conference will be held in Nizhny Novgorod, Russia, September 24-26, 2012. In addition to the main conference's program and the doctoral consortium, the program will also include a set of workshops. The goal of the workshops is to explore emerging research topics, and to provide a forum for authors to present early research results on these topics. We would like to have a limited number of workshops, with a high quality program dominated by contributed papers. Contributions to the workshops would be for presenting novel ideas in a less formal setting, possibly more focused on a particular topic than the regular conference sessions do. We seek proposals from individuals and teams interested in organizing strong workshops. Each workshop will be a full day of September 24th. The dates for paper submission, notification and camera-ready version would preferably be coordinated across the selected workshop.

The workshop proposal, in plain text or PDF, should provide the following information:

- Title, scope and topics of the workshop
- Names, addresses, and affiliation of Workshop organizers
- Tentative committee lists (organizers, steering committee if any, etc.)
- Workshop format planned (papers, demos, panels, etc.)
- Past history of the workshop (where held, number of papers, number of participants)
- Rationale - why is the topic current and important; why would the workshop attract a significant number of submissions of good quality.

Please include a draft call for papers, if available.

Workshop organizers should send their workshop proposals on or before **April 20th, 2012** to organizational committee of BIR 2012 conference, e-mail naseeva@hse.ru.

Notification of acceptance for workshop proposals will be on **April 30th, 2012**.

September, 24-26, 2012

Additional information

Notes on Workshop's Paper Submission and Proceedings

Submissions to workshop should be made by using the submission systems EasyChair
<http://www.easychair.org>

Each paper will be reviewed by at least two workshop Programme Committee members.

Papers accepted for publication will be published in proceedings of workshop as a part of BIR2012 workshops proceedings with ISBN. Best papers will be published by Springer as part of the BIR 2012 post-conference workshops proceedings in Lecture Notes in Business Information Processing (LNBIP) series.

Papers submitted need to follow LNBIP formatting guidelines: available from:
<http://www.springer.com/computer+science/lncs?SGWID=0-164-6-791344-0>

Papers shall not have more than 8 pages (including figures, tables and appendices). Longer papers will not be included in workshop proceedings.

List of workshops accepted on previous BIR 2011 conference:

- 1st International Workshop on Alignment of Business Process and Security Modelling (ABPSM 2011)
- 4th International Workshop on Information Logistics and Knowledge Supply for Viable Enterprises (ILOG 2011)
- 2nd International Workshop on Intelligent Educational Systems and Technology-enhanced Learning (INTEL-EDU 2011)
- 1st International Workshop on User Oriented Information Integration (UOII 2011)

September, 24-26, 2012
