

CURRICULUM VITAE
Olga V. Dragoy, Ph.D.

PERSONAL INFORMATION

- Address Neurolinguistics Laboratory, Higher School of Economics,
Staraya Basmannaya st. 21/4, office 510, 105066 Moscow, Russia
 - Telephone +7 926 9639240
 - E-mail odragoy@hse.ru, olgadrageoy@gmail.com
 - Date of birth 05.09.1981
-

ACADEMIC BACKGROUND

- Dates 1998 – 2003
 - Institution Moscow Lomonosov State University, Russia
 - Degree obtained M.A. in Theoretical and Applied Linguistics
 - Qualification paper Diploma “Reflection of the noun class category in the mental lexicon (on the Swahili language)”

 - Dates 2003 – 2006
 - Institution Moscow Lomonosov State University, Russia
 - Degree obtained Candidate of Philology, specialization - Theory of Language
 - Qualification paper Candidate dissertation “Relative clause syntactic ambiguity resolution in Russian”

 - Dates 2006 – 2007
 - Institution University of Potsdam, Germany,
University of Groningen, the Netherlands,
University of Milan-Bicocca, Italy
 - Degree obtained M.A. in Clinical Linguistics
 - Qualification paper M.A. thesis “Factors of verb production in Russian agrammatic speakers”

 - Dates 2008
 - Institution Institute of Defectology and Medical Psychology, Moscow, Russia
 - Degree obtained Certificate of attending the courses “Foundations of Neuropsychology” and “Aphasia”
-

APPOINTMENTS

- Dates March 2008 – present
 - Institution Department of Speech Pathology and Neurorehabilitation,
Moscow Research Institute of Psychiatry at Russian Federal Ministry of Health and
Social Development, Moscow, Russia
 - Position Senior Fellow

 - Dates September 2009 – January 2010, September 2011 – April 2012
 - Institution Department of Neurolinguistics,
Faculty of Arts, University of Groningen, the Netherlands
 - Position Fellow, visiting lecturer
-

- Dates 2011 – 2012
 - Institution Laboratory of Neuropsychology,
National Research University Higher School of Economics, Russia
 - Position Fellow
-
- Dates April 2013 - present
 - Institution Neurolinguistics Laboratory, Faculty of Humanities, National Research University
Higher School of Economics, Russia
 - Position Director of the Laboratory, Associate Professor
-

RESEARCH INTERESTS AND EXPERIENCE

Neurolinguistics, Aphasiology, Psycholinguistics, Neuroimaging, Language processing

Expertise in structural and functional magnetic resonance imaging (MRI), event-related potentials (ERPs), eye-tracking and behavioral methods of experimental research in healthy and clinical populations

AWARDS AND GRANTS (Principal Investigator only)

- Dates 2006 – 2007
 - Name of organization providing the grant European Commission,
the Education, Audiovisual and Culture Executive Agency
 - Project “European Master in Clinical Linguistics (EMCL)”,
Individual scholarship
 - Sum €25 800
-
- Dates 2009 – 2011
 - Name of organization providing the grant Russian Foundation of Basic Research
 - Project “Spatial relations in language and cognition: interdisciplinary approach”,
 - Sum €37 000
-
- Dates 2010
 - Name of organization providing the grant Human Science Center,
Ludwig Maximilian University of Munich, Germany
 - Project “Processing the concept of instrumentality in healthy brain”
 - Sum €5 000
-
- Dates 2011-2012
 - Name of organization providing the grant Russian Foundation for Humanities
 - Project “Verbs and action pictures: stimuli database and psycholinguistic norms”
 - Sum €24 000

- Dates 2011- 2012
 - Name of organization providing the grant European Commission,
 - Project the Education, Audiovisual and Culture Executive Agency
Visiting lecturer in European Master in Clinical Linguistics (EMCL),
Individual grant
 - Sum €14 400

 - Dates 2012-2014
 - Name of organization providing the grant Russian Foundation for Humanities
 - Project “Linguistic analysis through the eyes of patients with aphasia: an eye-tracking
study of speech disorders”
 - Sum €19 000 per year

 - Dates 2012-2014
 - Name of organization providing the grant Russian Foundation of Basic Research
 - Project “Electrophysiology of speech comprehension: processing basic linguistic levels in
healthy individuals and patients with aphasia, an ERP study”
 - Sum €16 500 per year

 - Dates 2013-2014
 - Name of organization providing the grant US Department of State, Fulbright Foundation
 - Project “Brain correlates of verb production: evidence for voxel-based lesion-symptom
mapping”
Individual grant
 - Sum \$22 285

 - Dates 2015-2016
 - Name of organization providing the grant Russian Foundation for Humanities
 - Project “Online database: norms for verbal and visual stimuli for experimental research
and speech therapy”
 - Sum €12 000 per year

 - Dates 2015-2017
 - Name of organization providing the grant Russian Foundation for Humanities
 - Project “Space in language: the role of sensorimotor stereotypes in comprehension of
spatial linguistic constructions”
 - Sum €15 000 per year

 - Dates 2015-2017
 - Name of organization providing the grant Russian Foundation of Basic Research
 - Project “The impact of familial sinistrality on the lateralization of language in the brain”
 - Sum €14 000 per year
-

TEACHING AND ACADEMIC SUPERVISION

- Clinical Linguistics, lecturer: February-June 2010, Moscow Lomonosov State University, Russia
- Language Processing and Neuroimaging, co-instructor: October 2011-February 2012, University of Groningen, the Netherlands
- Research Methods in Neurolinguistics: experimental practicum, instructor: December 2011-February 2012, University of Groningen, the Netherlands
- Neuroimaging in Aphasia: April 23-27, 2013, invited lectures within the Russian-Finnish Intensive Course “Neuroscience of Language: Experimental Approaches to Language and the Brain”, Saint Petersburg.
- Experimental Methods in Psycho- and Neurolinguistics: 2013-2014, National research University Higher School of Economics, Russia
- Experimental Linguistics: 2014-2015, National research University Higher School of Economics, Russia

Supervisor and co-supervisor of M.A. and B.A. theses: 2009-2012, Lomonosov Moscow State University, Russia

Supervisor of a B.A. thesis: 2009-2010, Russian State University for Humanities, Russia

Co-supervisor of M.A. theses: 2009-2014, University of Groningen, the Netherlands, and University of Potsdam, Germany

Scientific consultant of IDEALAB (International Doctorate for Experimental Approaches to Language And Brain) doctorate students: 2012-2015, University of Groningen, the Netherlands, University of Potsdam, Germany, Macquarie University (Australia)

Supervisor of B.A. and M.A. theses: 2013-2015, National research University Higher School of Economics, Russia

CONFERENCE PRESENTATIONS

Invited talks

Aphasia as a neuropsychological syndrome. *Presented at the Neurocognition and Theoretical Syntax Center, Istituto Universitario di Studi Superiori, Pavia, Italy, May 12, 2015.*

Luria's approach to aphasia: syndrome analysis. *Presented at the Institute of Psychiatry, King's College London, March 25, 2015.*

Speech deficit and linguistic theory: effect of discourse linking in agrammatism. *Presented at the Moscow neuropsychological seminar, Moscow, Russia, March 11, 2015.*

Clinical linguistics: how linguistics and medicine can contribute to each other. *Presented at the student conference of the Institute of Linguistics, Russian State University for Humanities, April 3, 2015.*

Russian aphasiology (Luria). *Presented at the Science of Aphasia conference, Venice, Italy, September 20, 2014.*

Regular presentations

Dragoy, O., Vlasova, R., Kozintseva, E., Malyutina, S., Akinina, Yu., Petrushevsky, A., Fedina, O., Gutyrchik, E., & Ivanova, M. (2015). fMRI study of action naming in aphasia. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Akinina, Yu., Grabovskaya, M., Isaev, D., Iskra, E., Ivanova, M., & **Dragoy, O.** (2015). Visual complexity of psycholinguistic stimuli: evidence from databases "Verb and Action" and "Noun and Object". *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Chrabaszcz, A., **Dragoy, O.**, Iskra, E., & Bergelson, M. (2015). Comprehension of spatial constructions by healthy people and individuals with aphasia. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Ignatyev, G., Vlasova, R., Akinina, Yu., Zavyalova, V., Ushakov, V., Ivanova, M., & **Dragoy, O.** (2015). fMRI study of sentence reading: effect of a control task. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Schegoleva, S., Iskra, E., Akinina, Yu., Akhutina, T., **Dragoy, O.**, & Ivanova, M. (2015). Development, probation and standardization of a psycholinguistic test on action and object naming: data of healthy people and patients with aphasia. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Soloukhina, O., Ivanova, M., **Dragoy, O.**, Akinina, Yu., & Akhutina, T. (2015). Development and probation of a lexical-semantic test on comprehension of actions and objects: data of healthy people and patients with aphasia. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Tolkacheva, V., Chrabaszcz, A., Buklina, S., Poddubskaya, A., & **Dragoy, O.** (2015). Object and action naming in patients with brain tumors. *Poster presented at the conference "Cognitive science in Moscow: new research", Moscow, Russia, June 16.*

Khudyakova, M.V., Ivanova, M.V., **Dragoy, O.**, Akinina, Yu.S., & Akhutina, T.V. (2015). Developing a standardized test for language assessment in aphasia. *Paper presented at the XI International interdisciplinary congress "Neuroscience for medicine and psychology", Sudak, Crimea, Russia, June 2-12.*

Vlasova, R.M., **Dragoy, O.**, Ivanova, M.V., Kozintseva, E.G., Malutina, S.A., Petrushevsky, A.G., Fedina, O.N., & Gutyrchik, E.F. (2015). The reorganisation of speech substrate in patients with aphasia: an fMRI study. *Paper presented at the XI International interdisciplinary congress "Neuroscience for medicine and psychology", Sudak, Crimea, Russia, June 2-12.*

Bergelson, M., Akinina, Yu., **Dragoy, O.**, Iskra, E., Khudyakova, M. (2015). Difficulties in production of words in discourse and their formal markers: norm and pathology, or On non-discreteness of norm in language and speech. *Paper presented at the Annual International Conference "Dialogue", Bekasovo, Russia, May 27-30.*

Dragoy, O., Bergelson, M., Laurinavichyute, A.K., Skvortsov, A., Iskra, E., Mannova, E., Statnikov, A. (2015). Sensorimotor stereotypes guide comprehension of reversible sentences in individuals with aphasia and healthy people. *Poster presented at the 28th Annual CUNY Conference on Human Sentence Processing, Los Angeles, CA, USA, April 19-21.*

Isaev, D.Yu., Ivanova, M.V., **Dragoy, O.**, Akinina, Yu.S., Petrushevsky, A.G., Fedina, O.N., Dronkers N.F. (2015). A new approach to examining the role of white matter tracts in language disorders. *Poster presented at the workshop "Images of the Mind: new frontiers in brain imaging. Advanced (f)MRI statistical methods and their applications", Milan, Italy, April 9-10.*

Laurinavichyute, A., Jäger, L., Akinina, Yu., Benz, L., **Dragoy, O.** (2015). Teasing apart retrieval and encoding interference in Russian reflexives. *Poster presented at the 28th Annual CUNY Conference on Human Sentence Processing, Los Angeles, CA, USA, April 19-21.*

Vlasova, R.M., Kuptsova, S.V., Petrushevsky, A.G., Fedina, O.N., Zavyalova, V.V., **Dragoy, O.** (2015). Right

cerebellum as a seed for rs-fMRI analysis of the functional brain reorganization in patients with aphasia. *Poster presented at the workshop "Images of the Mind: new frontiers in brain imaging. Advanced (f)MRI statistical methods and their applications"*, Milan, Italy, April 9-10.

Dragoy, O., Iskra, E., Glushko, A., Virfel, E., Zinova, Yu., Yurchenko, A., Bastiaanse, R. (2014).
