FOREWORD

Russia has the pleasure to present to India, the next BRICS Chair, the Handover Report on the Russian BRICS Chairmanship in 2015–2016, containing a summary of the activities carried out during this period, which enabled the BRICS countries to make a large step forward in intensifying, diversifying and institutionalizing their cooperation. The report, in compliance with the Terms of Reference for BRICS Chairpersonship, presents an informative account of the diversity of areas in which the participants of the group have cooperated during this time for the benefit of all the participants and which should be further developed.

BRICS has strengthened its global standing as an important factor in international affairs and an efficient mechanism for harmonizing the five countries’ positions on the modern-day pressing challenges. The Group has been continuously improving its extensive architecture of cooperation mechanisms intended to promote hands-on enhancement of the global financial system’s stability and reliability and the strengthening of trade, economic and investment cooperation between the BRICS participants and with other countries. The operationalization of BRICS financial institutions crowned our joint efforts in this area.

The new high level of intra-BRICS strategic cooperation is reflected in the documents adopted at our forums and meetings of different formats. The common understanding, as confirmed by the BRICS Leaders at the informal meeting on the margins of the G20 Summit in Antalya, that the fight against the terrorist threat will be effective only on the basis of concerted efforts of the international community, reflects the essence of the approach guiding the BRICS’ activities. Our five countries are in full agreement that this particular methodology should be the foundation for dealing both with the issues of financial and economic cooperation requiring BRICS’ priority attention, and with common tasks of countering global challenges and threats.

The Russian Chairmanship welcomes the considerable impetus given by the joint efforts of our five countries to the enhancement of our soft power mechanisms.

The collective achievements of the BRICS countries strengthen the role of the Group in international affairs, stimulate the interest in and attention to its work not only on the part of foreign policy experts, but also of civil society around the world.

Most of the documents referred to in this Report can be found at the official websites of Russian BRICS Chairmanship: www.brics2015.ru and www.infobrics.org/russia.

We hope that the Handover Report will be useful and interesting for everyone who deals with BRICS matters.

India is now set to take up the torch of the BRICS Chair. We wish our Indian friends every success in this huge joint effort and assure them that at the helm of the Group they will receive all necessary support and the most energetic assistance of the Russian Federation and, we are certain, of all other BRICS partners.

Deputy Minister of Foreign Affairs of the Russian Federation

EXECUTIVE SUMMARY

The key event of the Russian BRICS Chairmanship (April 2015–February 2016) has been the Summit in Ufa on 8–9 July 2015 under the theme ‘BRICS Partnership – a Powerful Factor of Global Development’. The Summit adopted the Ufa Declaration, the Ufa Action Plan and the Strategy for BRICS Economic Partnership, establishing major goals and areas for BRICS future development. The heads of relevant agencies of the five countries signed the Agreement on Cooperation in the Field of Culture and the Memorandum of Understanding on the Creation of the Joint BRICS Website. The Russian Side initiated the preparation of a Roadmap for Trade, Economic and Investment Cooperation until 2020.

The BRICS leaders’ meeting on the margins of the G20 Summit in Antalya reaffirmed the BRICS countries’ common determination to consolidate their unity in devising joint responses to global challenges.

A major practical achievement under the Russian Chairmanship was the launch of the New Development Bank and the BRICS Contingent Reserve Arrangement, which aim to promote greater stability and sustainability of the global financial system and to enhance economic and investment cooperation.

BRICS is not only about the economy. An important priority within its activities is the strengthening of global security and stability.

BRICS has been increasingly focusing on intensifying cooperation in countering new challenges and threats, particularly terrorism. A substantial discussion on objectives in this area took place during the National Security Advisors meeting in Moscow on 26 May 2015.

Over the past period, the dialogue between the Ministries of Foreign Affairs / International Relations has been actively developing. On the margins of the United Nations General Assembly session in New York a meeting of the BRICS Foreign Ministers, which has already become traditional, was held on 29 September 2015, reaffirming closeness and unity of participating countries’ approaches to the maintenance of international peace and security. A mechanism for consultations at the level of Deputy Foreign Ministers in charge of the MENA region (Moscow, 22 May 2015) has been launched. There are now newly created frameworks for meetings on foreign policy planning (Moscow, 22 May 2015), prevention of an arms race in outer space (Moscow, 15 May 2015) and peacekeeping (Moscow, 11 December 2015), as well as between legal departments of the BRICS Foreign Ministries (New York, 2 November 2015).

Under the Russian BRICS Chairmanship a whole range of targeted measures has been adopted in order to enhance, diversify and institutionalize cooperation. BRICS inaugural events were held in new sectoral areas, such as environmental protection (Moscow, 22 April 2015), youth policy (Kazan, 4 July 2015), migration (Sochi, 8 October 2015), industry (Moscow, 20 October 2015), telecommunications (Moscow, 22–23 October 2015), energy (Moscow, 19–20 November 2015), international development assistance (Moscow, 7 December 2015), labour and employment (Ufa, 25–26 January 2016).

Standing Working Groups on cooperation in international information security and the fight against corruption and illicit drug trafficking have been established.

The Russian Chairmanship promoted further consolidation of non-governmental actors’ contacts in academic, social, cultural and humanitarian dimensions. A number of major forums were organized: the Parliamentary Forum (Moscow, 8 June 2015), the BRICS Civil Forum (Moscow, 29 June–1 July 2015), the Trade Union Forum (Ufa, 9 July 2015), the Youth Forum (Kazan, 1–7 July 2015), and the Global University Summit (Moscow, 26–28 October 2015).
During the year of the Russian Chairmanship there were a total of over 100 events, more than two dozen of them held at the level of government ministers and agency heads. It was a period of further consolidation of BRICS, of active and consistent joint work on enhancing cooperation within BRICS and of opening new tracks for collaboration. BRICS continued to develop into a comprehensive mechanism of strategic cooperation on key issues of global politics and the economy. A table of events held during BRICS Russian Chairmanship is contained in Annex 1.
