+7 (915) 318-60-46

Education

B.S. (with honours) Applied Mathematics and Computer Science, Moscow State University
GPA: 4.86/5.00
Main subject: machine learning 2013–2017

M.S. (incomplete) Logical and Combinatorial Methods of Data Analysis, Moscow State University
Main subject: machine learning 2017–2019

Employment

Junior data scientist at Yandex.Taxi July 2017 – today

Intern-manager at Yandex
Organising machine learning trainings meetings, making some ML tasks for testing and demonstrating new technologies January 2017 – June 2017

Intern-developer at SolidSoft
Working on automatic configuration the SolidWall Web Application Firewall with machine leaning algorithms and backend programming March 2016 – December 2016

Skills

Programming languages: Python (NumPy, SciPy, Pandas, scikit-learn, XGBoost, Keras, Tensorflow, Theano, Lasagne), C, C++ (STL, C++11), R

Machine learning, data analysis, neural network, deep learning, statistics, algorithms, data structures, reinforcement learning

Awards

Kaggle – 2 silver and 2 bronze medals 2015–2017

Skoltech HackRace Hackaton – first place 2016

Yandex Data Science Night – first place in blitz problems (2 times) 2015–2016
