- development of educational programs,
- conducting lectures and seminars,
- organization of scientific events,
- preparation of draft laws and other regulations.

## **MAIN PROJECTS**

### **2018**

1. Research project for the State Duma of the Federal Assembly of the Russian Federation 'Analysis of law enforcement and development of recommendations for improving the regulatory legal framework in the provision of psychological, educational, medical and social assistance to students who have difficulties with basic educational programs and social adaptation'.  
*Role:* organization of the work on collection of basic regulatory analytics of Russia and foreign countries, preparation of the conclusion on the possibilities of applying foreign experience. Preparation of motivated expert opinion on the contradictions in the Russian legislation in this sphere, directions for its improvement at the federal and regional levels.
2. Research project for the State Duma of the Federal Assembly of the Russian Federation 'Analysis of law-enforcement practice on the different levels of governance of education

system: federal, regional, municipal. Developing proposals for optimizing the distribution of powers'

*Role:* preparation of analytical report on the federal level of regulation of the distribution of powers (with visual materials and tables taking into account all the existing state obligations not explicitly named in the Federal Law on Education), analysis of the powers of the regional and municipal levels with providing conclusions on violations of the law and on the best regulatory practices, preparation of guidelines to improve federal and regional legislation. Managing the work of interns on basic legal analysis (setting goals, providing current and final control). Participation in the development of a questionnaire for a sociological survey, organization of work to collect a base for the survey (state authorities and the municipalities of 10 subjects of the Russian Federation). Substantive check of all materials prepared within the framework of the study.

3. The project of the Center for the Prevention of Asocial Behavior of Institute of Education with Moscow Department of Education 'Resolving Conflict Situations in an Educational Organization as a recovery mechanism aimed to protect the rights and interests of children and adolescents'

*Role:* co-performer. Preparing handbook of measures of legal responsibility in the case of bullying and aggression at school.

4. Collective monograph 'The Right to Education in the Subjects of the Russian Federation' (July 2019), (Center for Education Law initiative)

*Role:* publication plan development, authorship of two chapters, editing.

5. Collective monograph 'Comparative Commentary on the Law on Education' (May 2019)

*Role:* development of a work plan, coordination of the work of a group of authors, holding meetings, authorship of 4 chapters, editing.

6. International Scientific Conference of the Center for Educational Law of the Institute of Education of the National Research University - Higher School of Economics 'Multilevel Governance in Education: Top-Down Governance, Transfer of Authority and Regional Cooperation', 12-13 November 2018. <https://ioe.hse.ru/en/celcon/>

*Role:* organization of work of the Conference team, development of Program of Conference, negotiations with speakers, preparation of a report.

## **2017**

1. Development of educational program of 'Parental University' (Federal Grant)

*Role:* author of 4 legal educational programs for parents: parents who planning to have children or having children from 0 to 3 years old, parents of preschoolers, parents of schoolchildren, parents of children with disabilities), public presentation of the programs.

2. Research project for the State Duma of the Federal Assembly of the Russian Federation 'Legal and functional analysis of the competences of regional and municipal education authorities in the formation of the curricula of general education'  
*Role:* analysis of federal legislation, legislation of subjects of the Russian Federation and municipal acts in terms of the impact on the educational curricula, analysis of judicial practice, in particular, in the field of linguistic rights in education. Identification of the contradictions in the legislation and the hidden mechanisms of government bodies influence on the educational curricula.
3. Research project for the State Duma of the Federal Assembly of the Russian Federation 'Analysis of law enforcement practice in relation to state accreditation of educational programs of vocational education'  
*Role:* analysis of federal laws and regulations in the field of state accreditation, the study of judicial practice, the organization of a series of expert interviews with various representatives from the educational sector, the identification of deficiencies in the existing accreditation model which lead to conflicts between educational organizations and state control bodies, as well as the identification of excessive regulation in this area.
4. Organization and holding of the 'Educational Law Week', Institute of Education, National Research University – Higher School of Economics (October, 2-5, 2017)  
*Role:* program drafting, speakers inviting, reports presenting ('Federalism in Education in Russia' and 'Language Policy in Education in Russia')

## 2016

1. Development and description of models of 'Parental University' (Federal Grant)  
*Role:* review of publications on the modern parenthood in Russia and in the world, developing of approaches for organizing a system of professional assistance to parents in raising children (depending on the type of region), developing of models and requirements for a resource center, an algorithm for organizing a resource center.
2. Expert conclusion on the local regulations in schools in Moscow (Moscow Grant)  
*Role:* drafting of expert conclusion on the local regulations in 15 Moscow schools (checking compliance with the laws, identification of typical errors). Organizing round table with school principals, presenting report.
3. Analysis of the organization of monitoring the education system (Grant of the Ministry of Education and Science of the Russian Federation).  
*Role:* preparation of an analytical note containing an analysis of the implemented model of monitoring the education system, taking into account the existing legal and regulatory mechanisms for the functioning of the education system, implemented measures of state education policy. 20 federal legal acts were analyzed, criteria for selection of subjects of the Russian Federation for the purpose of analysis were formulated, 9 subjects were selected, table with an expert opinion on each of them were prepared, including an analysis of legal acts of 10 municipalities (total: 29 regional legal acts, 16 municipal).

## 2015

1. The project 'Development of the program for analyzing and implementing international best practices for development of the education system of the city of Moscow (preschool, general, additional education)' (Moscow Grant)  
*Role:* preparation of an analytical report that includes a description of the problems and challenges for the education system of Moscow. Formation of a knowledge bank, including statistics, comparative and benchmarking international studies, analytical reports from leading international organizations, research centers and think tanks in the field of education, materials of international and national education projects, strategies and programs for the development of education systems. Preparation of an analytical note describing standards, strategic guidelines, quantitative and qualitative indicators of the development of life-long learning. Preparing an annotated list of educational policies and best practices in education systems. Organization of a seminar with presentation of results of analysis.
2. Symposium 'Development of Education' of April Conference of the National Research University - Higher School of Economics, 2015  
*Role:* participating in selection of presentations, preparation of the program, organization of the conference in the building of the Institute (functions of event-manager), coordination of session secretaries, organization of plenary panel, participating in selection of reports for publication after of the conference, writing instructions for the managers of future conference.
