The Programme members also participate into the reviewing process for the other programmes.

3. Master's Thesis Assessment Criteria

A. Master Thesis Assessment

The table for reviewers and advisors see in Appendix 3 and 4. We use 10 grades scale.

There are several requirements for the Master thesis

1. The literature review of the paper should contain the explanation of the using of the main sources and the research components based on the literature devoted to development issues and population studies.
2. The author should be ready to show the importance of the research for the development or population studies topics.

3. The part of the paper Results and Discussion should answer the question how the results could influence the development of the certain society, part or what is the role of the paper for the population studies. Based on the analysis carried out, it is necessary to develop public administration measures.
4. The grade is given based on the results of the work defense before the state certification committee.

4. Academic Advisor and External Reviewer

Academic Advisor – teacher, professor, or scholar of the Higher School of Economics. The student can find the Academic Advisor in different faculties.

Academic advisor must provide leadership thesis preparation, including:

- provide advice to the student in determining the final dissertation topic, in preparation Synopsys, PD, schedule theses, in the selection of literature and factual material;
- Assist in the choice of research methodology;
- To carryout systematic monitoring of the progress of the preparation of the dissertation in accordance with the PD and the schedule of its implementation;
- To inform the head of the department in the event of non-compliance with the implementation schedule of a student thesis;
- Give expert advice on the content of thesis;
- Assess the quality of performance in accordance with the theses demands made on it (review manager). In the recall scientific director characterizes the quality of the work, said the positive side, drew particular attention to the shortcomings, determines the degree of autonomy and creativity shown by a student during the writing of a thesis, the degree of compliance with the requirements for a master's thesis recommends a master's thesis to the protection and evaluates the master's thesis on a scale;
- To reconcile the data in detail, made by a student at LMS, and take control of data entering student at LMS.

Academic Advisor must provide personal consultations student on the master's thesis. Student shall once a month inform him/her of the progress of work on the thesis and in time turned out to provide all materials in accordance with the timetable for preparing the master's thesis.

Academic Advisor must report quarterly on the progress of the preparation of course work and a thesis student ward in writing, providing the appropriate training of the report, or orally at the meetings of the department.

If necessary, the consultant can be assigned to theses.

Consultant must:

- Provide advice to the student in the choice of research methods in the selection of literature and factual material;
- Give expert advice on the content of a thesis.

The change of the Advisor is allowed per month to defense of course work and a thesis.

The initiator of the change of the Advisor may be:

- Academic Advisor (rejection of Academic Advisor based on the student's lack of response to the letters at least 3 times, regular failure instructions of the Advisor to work with course work and thesis and student absenteeism in practice)
- Academic supervisor of the master's program (based on the lack of progress on the course work and master's thesis, which is fixed in the quarterly reports of the Academic supervisor)
- The student (in exceptional cases, due to the lack of support from the Academic Advisor on the literature review, formulation of research objectives, finding a place of practice, which is fixed in writing, correspondence with the Academic supervisor)

The change of the Advisors issued a statement in the name of the Initiator to the master program academic supervisor (manager of the program if the initiator is master program academic director). Manager of master's program accepts these applications. Master program Academic supervisor recommends new Academic Advisor to student that is fixed by his signature on appropriate statement of the Initiator.

Master's thesis is subject to mandatory review. The reviewers involved mainly experts on studies from different parts of the HSE, and in some cases external organizations approved by the department.

The review should be an analysis of the content and the main provisions of the theses under review, assess the relevance of the chosen topic, independence of approach to its disclosure (of having their own point of view of the author), the ability to use modern methods of collecting and processing information, the extent of the validity of the findings and recommendations, the reliability of the results obtained, their novelty and practical significance. Along with the positive aspects of the work are marked disadvantages of work. In conclusion, the Reviewer gives a description of the general level of the master's thesis and evaluates it on a 10-grades scale. Review volume should be one to three typewritten pages. See Appendix 4.

5. Master Theses Defense and Pre-defense

1. The Pre-Defense procedure takes place within the dates specified on chapter 2.
 2. The Defense / Pre-defense procedure is held on a face-to-face basis when student presents the results in front of the Commission. The defense format to be determined nearer the process. The individual time schedule of the pre-defense is determined by the Master Program Manager. The Manager may but is not obliged to consider students requests on the individual time slots allocation.
5. Pre-defense procedure – approximate time breakdown:
- 10 min - Student presentation (it is recommended to prepare Power Point presentation);
 - 5 min – question session from the commission;
 - 5 min – student answers the questions;
 - 2 min – Advisor feedback on the student performance.

A negative assessment in the pre-defense may be the basis for not being admitted to the final defense and subsequent retake of the master's thesis in the next academic year.

6. Evaluation criteria:

The grading is done at the closed concluding session at the end of each Defense Day. Only the final grade is publicly announced.

7. The students should be prepared that their Master thesis drafts will undergo plagiarism check using software following the HSE procedures. The detailed report will be sent to the Advisors. The proven case of plagiarism in Thesis will be filed to the dean of the Faculty of Social Sciences and the student will be subject for a reprimand. Upon the Master Thesis detected case of plagiarism the student is automatically expelled from the university. The proven case of plagiarism leads to the 0 by the 10-point grade system.

8. Defense procedure – approximate time breakdown:

- 20 min - Student presentation (it is recommended to prepare Power Point presentation);
- 8 min – question session from the commission;
- 2 min – student answers the questions;
- 3 min – Reviewer feedback on the student performance (for Thesis).
- 2 min – Advisor feedback on the student performance.

In case of illness the students may be granted extended deadline upon the medical certificate presentation. Any other emergencies should be proven by a relevant document. More technical details could be announced closer to the date.

Part 3. Key features of practical training for persons with disabilities and health issues

Practical training of learners with disabilities and health issues shall be organized with due consideration of their psychophysical development, individual abilities and health status.
